

# Safety Measures

We wanted to let you know that we have your safety at the foremost of our minds.

Before entering Viva Mexico we ask that you use the hand sanitiser by the front door.

Upon arrival we will be there to greet you and explain all safety procedures.

To comply with Government recommendations we have been asked to keep a note of one member of each party's name, contact number, date and time of visit.

Whilst necessary our staff will be masked, we'll be washing hands and using hand sanitising gels regularly. We have also fitted sneeze guards to our bars. All care will be taken to ensure safety procedures are abided in the kitchen setting too.

You will be taken to your table.

We have followed safety recommendations and spaced out all our tables.

All tables will be sanitised and set with single use table mats and wrapped cutlery. Salt and peppers will be available upon request.

We ask that movement around the restaurant is limited. We need to limit contact between different groups.

Please follow direction instructions and distancing markers.

Please use hand sanitiser before and after visiting the toilets. Our toilets will be single occupancy only for the time being. They will be cleaned regularly.

Please pay with contactless card payments if possible. Two payments can be made if the total is above the limit. (Tips can be left on the card or in cash. We will ensure its cleaned and given to our staff)

This is a learning curve for us all so we hope you will be patient with us. And please know we are very grateful for your support.

From all at Viva Mexico.
